

# DEGREASER FC03

## Degreasing cleaner for thorough cleaning and for stripping old wax layers

TECHNICAL DATA SHEET

### DESCRIPTION

DEGREASER is a multipurpose cleaner and degreaser that contains a controlled foam. It is suitable for floors and other hard surfaces, and ideal for maintaining and cleaning all types of surfaces. In addition to this, it can be used diluted in water to strip old layers of wax from floors.

### DIRECTIONS

**ROUTINE CLEANING:** dilute in water to a concentration of 0.5 to 1% (50/100 ml in 10 litre water); in case of heavy dirt, dilute to a higher concentration up to 3-4% (3-400 ml in 10 litre water). Mop the surface with this solution, then rinse with clean water.

**FLOOR STRIPPING:** dilute in preferably warm water to a concentration of 10 to 20%, then apply the diluted product evenly across the floor. Leave to act for about 5-10 minutes. Spread with a scrub brush and abrasive disc, covering a small area at a time. Then remove any excess with a vacuum cleaner and rinse with plenty of water.

### PRECAUTIONS

Do not use on non-alkaline resistant materials such as: linoleum, wood and resin aggregates. Immediately clean off any spot the product may have left on painted surfaces, using a wet cloth. It is recommended to test a small inconspicuous area for compatibility, prior to full application. Always use in well-aired rooms.

### COVERAGE

Routine cleaning: 1 to 3 litre product cover approx. 100 square meters. Wax stripping: consumption cannot be quantified.

### WARNINGS

H302	Harmful if swallowed
H314	Causes severe skin burns and eye damage
H335	May cause respiratory irritation
P260	Do not breathe vapours/spray.
P280	Wear protective gloves/eye protection
P301+P330+P331	IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
P303+P361	IF ON SKIN (or hair): take off immediately
+ P353	all contaminated clothing. Rinse skin with water/ shower.
P305+P351	IF IN EYES: rinse cautiously with water for several
+P338	minutes Remove contact lenses if present and easy to do. Continue rinsing

### CHEMICAL AND PHYSICAL CHARACTERISTICS

Appearance	clear liquid
Colour	fluorescent yellow
Odour	characteristic
Specific gravity	0.960±0.01 g/cm <sup>3</sup>
pH	12 ±0.4
Biodegradability	over 90%
Solubility	completely soluble at any ratio
Storage life	12 months if stored in its original, unopened containers at a temperature of between

### WARNINGS

FOR PROFESSIONAL USE. Ingredients (Detergents Regulation (EC) no.648/2004): <5% non-ionic surfactants perfume, hexyl cinnamal, limonene. Ingredients: Ethanolamine, 2-Butoxyethanol, alkyl glycosides no. CE203-905-0. Do not dispose of in the environment. As well as following good working practices, before applying the product we recommend you read the safety recommendations which can be found on our website [www.federchemicals.it](http://www.federchemicals.it) or can be requested from your local dealer, as well as the instructions on the packaging. Do not store at temperatures below 10°C. We decline all liability for work and damage that may arise from the improper or incorrect use of the product. All the information and recommendations about the product and its use are based on extensive laboratory testing and practical experience. However, since it is not possible to anticipate all conditions of use, these indications shall not be binding and do not imply liability on our part. The end user shall be held responsible for the use he/she makes of the product and for testing the characteristics of the product in advance. The reproduction, even partial, of our product sheets is forbidden. The data refer to the standards in force at the time of printing (2013). The company reserves the right to make any changes without notice.
